

## **Beginning Birding Class: Part 2.**

Join us for the second part of our beginner class. Now that we have piqued your curiosity and interest in learning about the basics of identifying birds, we'll now go over some of the common birds you'll find in the Willamette Valley and how to distinguish them. We'll use our skills from part 1 to point out some key features of similar-looking bird species. We'll also learn about bird communication, listening to songs and calls you will hear now in the spring!
