

Team Effort Calculation Worksheet

Sector # _____

Team Leader _____

	Start time	End time	Hours on foot	Miles on foot	Hours in car	Miles in car	Hours owling	Miles owling
Segment #1								
Segment #2								
Segment #3								
Segment #4								
Segment #5								
Segment #6								
Segment #7								
Segment #8								
Segment #9								
Segment #10								
Totals								

This team effort worksheet can be used by teams that have a route that includes various driving and walking segments. Using this workshop, the hours and miles for each segment can be recorded separately. At the end of the day, each column can be added up and recorded at the bottom of the column for the teams total effort calculations.

These calculations are given to the sector leader for inclusion on the Sector Effort Calculation Worksheet.
